

Deloitte Experience

-Arushi Gupta

Round 1: Aptitude consisted of Quants, Logical and Verbal...All three were manageable.. RS Aggarwal is sufficient for it.

Around 68 people got shortlisted from 200.

Round 2: Case Study (15 mins)

My case study was about a Telecommunication company starting a new scheme and they have approached Deloitte for consulting. How and what will we guide.

Here the quality as well as quantity of points mattered.. Our group consisted of 7 people..4 got shortlisted

Total around 30 got shortlisted.

Round 3: Interview (2 round of interviews)

1st Round: Technical and HR (More of HR, less of Technical (Mainly Projects and Networking as the post was of Cyber Risk))

So it started with tell me about yourself...your academic achievements...

Why computer engineering

Which projects did you do in these 4 years...(the main projects)

As I had used JavaScript in one of the project, he asked me is JavaScript clientside or serverside.

Explain your B.E.Project

Few questions on C pointers

Difference between C and Java

Java and C are which generation languages

Are you okay with relocation?(As the job is in Hyderabad) If we send you to USA alone will you be okay with it?

What are your weaknesses and how did you overcome it while coordinating in team projects

What are your strengths?

What are the 7 layers in OSI model of Networking?

What do u mean by DNS??

Some questions on IP Address

Is it possible to convert bytecode in Java back to original code and how to do it?

What is the use of JVM in Java?

Tell us about your family.

Situational HR questions.

2nd Round: More Technical and less HR

What's the relation between pointers and Security?

Explain the concept of inheritance in Java .What is its use?

What is Abstraction?

Some more object oriented questions

You have to design a database for library. Which language will u prefer?

My hobbies.

Tell us about Firewall.

Why Deloitte?

1 Reason why we shouldn't hire you.

What is your biggest achievement since you joined engineering?

And at the end 7 people got selected in Deloitte.
